## **Ultra Ceramic Filter**

Filtered Water: A better alternative to bottled mineral water

**Long-lasting:** 6 months of better tasting water from every filter

> Waste-reducing: saves more than 500 2-litre bottles per year

**Reduces** 99% of chlorine

> Eliminates odour

Reduces Microplastics

> Reduces PFAS

> > **Reduces** Mn, Pb, Cd, As, Hg, etc.

Reduces Bacteria and cysts such as cryptosporidium

Ultra Ceramic Filter has ceramic shell with activated carbon core and KDF-55

## **Ultra Ceramic Filter**

Specifications

| Material   | Ceramic, Coconutshell material, KDF-55  |
|------------|---|
| Function   | Reduce particles, sediment, chlorine, bateria pesticides, odor, color, Lead, Mn, Pb, Cd, As, Hg, etc. |
| Filtration | 0.2 Micron  |
| Size       | 7"  |
| Flow Rate  | 1L/hour   |
| Temp.      | 5 - 35°C  |
| Life span  | 3 - 6 months with 1 week regular cleaning according to local water quality                            |
